

DOCUMENT NO.	D171	DATE	15/11/16
VERSION	3	AUTHOR	S MATTHEWS

CE STATEMENT

In line with the company policy of continued improvement and incorporation of the latest development on electrical construction and safety of our products, we are pleased to issue the following statement with respect to the EEC Directive 768/2008/EC on CE Marking of electrical products.

The insulation system and construction of the Heaters meet the requirements of all the relevant EEC Directives including the Low Voltage Directive (LVD) and the Electromagnetic compatibility Directive (EMC).

To meet these requirements "The Heaters" are produced to meet or exceed the requirements of all the relevant national and international standards.

In line with these directives we have "CE" marked the heaters this being The Recognised Declaration within the European Economic Area (EEA) of compliance with EEC Directives.

As required by the EEC Directives, 2014/35/EU (LVD) and 2014/30/EU (EMC), the following are held at our Registered Company Office and Main Factory:-

Technical Files,
Design details and drawings,
Construction details and drawings,
Test details,
Third party test reports where applicable.

As the "Heater" is supplied as a component to the customers specifications for installation by them as part of a final product, the installation and conditions of "The Heater" are beyond our control. The suitability for use and assessment to the EEC directives when "The Heater" is incorporated within the final product will need to be made by the customer.

Where "Heaters" are supplied to the end user suitable operating and safety instructions will be included.
